Version number	1.0 Original document

Executive Summary

This document is being issued jointly for CPD Web Design and Superior Interiors of Banbury.

Statement

CPD Web Design are pleased to announce the launch of a new website for Superior Interiors of Banbury.

Superior Interiors were after a simple and elegant site to reflect the services offered by Superior Interiors. Covering the Banbury area, Superior Interiors offer a professional painting and decorating service and were delighted with the website produced by CPD Web Design.

Superior Interior was made of the great design work produced by CPD Web Design by their mutual association with the Best of Banbury. Tony Austin explains "They were friendly, prompt and very professional and took time to explain anything I wasn't sure about." Chris Drury, who runs CPD Web Design and who was personally involved in managing the project adds "It's a lovely site and allows potential clients to see some of the Superiors work through the gallery page and it also allows them to send an enquiry message through the contact form."

Now that the site is live, Tony is looking forward to the new sales leads generate through the website.

Please check out Superior Interiors new website at <http://www.superiorinteriors-banbury.co.uk> and let us know what you think.

Full comment by Tony Austin, Managing Director of Superior Interiors;

"CPD Web Design was recommended to me through the Best of Banbury and I'm very pleased with the website they're created for me. They were friendly, prompt and very professional and took time to explain anything I wasn't sure about.

It's great having a website that I can be proud of that will generate sales leads for me."

Tony Austin, Managing Director

Superior Interiors

CPD Web Design - brief company background

CPD Web Design is a design company established in 2007, previously Banbury Software Solutions, aimed at providing professional websites and graphic design to small businesses.
